Castration Instruments

ST-01-1028 Emasculatome 9" Castrator- Extra Small Size

These are precision-made instruments for the humane and bloodless castration of live stock by severing the testicular cord without injury to the bag (scrotum). Also Available with plastic and wooden grips. For lambs. Length 9".

ST-01-1029 Emasculatome 12" Castrator- Small Size

Also available with plastic grips. For lambs and young calves or for docking lambs tail. Length 12".

ST-01-1030 Emasculatome 14" Castrator- Medium Size

Also available with plastic grips. For calves and young bulls. Length 14".

ST-01-1031 Emasculatome 16" Castrator- Large Size

Also available with plastic grips. For mature bulls. Length 16"

ST-01-1032 Emasculatome 19" Castrator- X Large Size

Also available with plastic grips. For bulls, horses, buffalo, and camels. Length 19".

ST-01-1033 Large/Deluxe Castrating Band Applicator Aluminum

Heavy-duty aluminum ring applicator with notched expanding fingers to hold the ring. Useful on lambs, calves, goats and other animals

ST-01-1034 Castrating Band Applicator-Stainless Steel

For applying latex rings/bands used in tail docking and castration. The tapered nose prevents dirt build-up. Roller insures smooth operation: Length 8.75".

ST-01-1035 Castrating Band Applicator- Nickel Plated

For applying latex rings/bands used in tail docking and castration. The tapered nose prevents dirt build-up. Roller insures smooth operation: Length 8.75".

ST-01-1036 Blue Economy Castrating Band Applicator

Designed for quick and easy one-person operation. Lightweight blue plastic grips, textured for sure-grip, comfortable to use. Useful on lambs, calves, goats and other animals.

ST-01-1037 Crutch Knee Wrench - For Large Emasculatomes

The use of the crutch knee attachment makes possible a one-person operation with the larger emasculatome. Set consists of polished crutch attachment and spanner wrench. Fits 14", 16" and 19" emasculatomes only.

Castration Instruments

ST-01-1038 Ear Docking
For dog's ear docking. Aluminum made. Straight, 12cm. Also available in curved.

ST-01-1039 Frank's Emasculator
Length 7-1/2", 9", 10-1/2" s/s.

ST-01-1040 Haussman's Emasculator
Double crush prevents primary and secondary hemorrhage because of the multiple crushing of the spermatic cord and artery. Sizes available 7-1/2", 9", 10", 11", 12" s/s

ST-01-1041 White's Emasculator
Length 7-1/2", 9", 10", 11", 12" s/s.

ST-01-1042 Haussman's Emasculator / Real Product
Curved, sizes available from 7-1/2", 9", 10", 11", 12" s/s.

ST-01-1043 Reimer's Emasculator
A very popular emasculator has a double crushing part. The cutting lever is worked separately. This allows extra time for crushing action and eliminates after bleeding: Length 12" s/s.

ST-01-1044 Serra's Emasculator Curved
A concave cutting plate draws the cord concentrically in to the jaws of the castrator. Reduces tissue slippage and post-op hemorrhage. Length 14" s/s

ST-01-1045 Serra's Emasculator Curved With Ratchet
It has curved non slip grips and positive crush for one hand use with ratchet: Length 14" s/s.

ST-01-1046 Serra's Emasculator With Ratchet
This newly designed instrument draws the cord concentrically into the jaws, thus preventing slipping of the cord. ratchet holds emasculator locked: Length 13-1/2" s/s.

ST-01-1047 Sand's Emasculator
Draws the cord concentrically in to the jaws, thus preventing slipping of the cord. Hemorrhage is reduced to a minimum ratchet holds forceps locked: Length 12" s/s

ST-01-1049 Gas Tail Docker
For quick, painless and economical tail docking of piglets. Stainless steel.

ST-01-1048 Castration Hook for Male cats

ST-01-1050 Newberry Castrating Knife
A stainless steel castrating knife will split the scrotum for easier removal of testicles with 2" blades. Overall Length 10.5".
